(Established by Govt. of Delhi vide Act 09 of 2012)

Kashmere Gate, Delhi-110006

Letter of Recommendation

I am proud to give a recommendation for my Ph.D. student, **Vivek Sharma**, he strives to assume the assistant professor position at your esteemed institute. As the co-supervisor of Vivek Sharma for the past three years, I have been observing his exceptional academic and research skills, and passion for the field of artificial intelligence with a specialization in Deep learning models. Vivek Sharma has always been a highly motivated and dedicated PhD student, who did a thesis on the design and development of efficient computational methods in the field of smart farming. His research has yielded significant contributions to the field with three SCIE-indexed journal publications. He possesses a deep understanding of complex problems and strong analytical skills. Furthermore, he has demonstrated the ability to effectively communicate complex ideas to both technical and non-technical audiences.

In addition to his above-mentioned skills, he has a perfectly balanced blend of leadership, management, and team-building skills. His regular indulgence in the various technical seminars, events and workshops has allowed him to equip himself with the latest technological innovations and developments in his field of interest. I, thus, firmly believe that Vivek's academic experiences and exposure to a wide range of learning environments, have confronted him with a chance to create a marvelous career in the coming future. With his impeccable will, strong fervor, and zeal for perpetual learning, he will definitely prove to be a highly beneficial addition to your learning environment. With his strong ethics and a thorough understanding of both basic and advanced frameworks in this field, he will certainly gain considerably through networking with your eminent and skilled faculty members and their expert guidance. In case of any further queries regarding his conduct or academic record, please feel free to contact me on the below-mentioned details.

Thanks, and regards,

Dr. Himanshu Mittal
Assistant Professor
Department of Artificial Intelligence and Data Sciences
Indira Gandhi Delhi Technical University for Women,
Delhi, India.-110006
